daughter of Mr. and Mrs. W. H.
Wilkinson, and Miss Sarah Watkins,
daughter of Mrs. J. T. Watkins are
leaving this week for Knoxville where
they will attend the University of Ten-
nessee the coming school year.

Records of A. Prior, County Agent,
show that during the month of August
71 families shipped butter fat co-
operatively from this county and it brought
them \$867.92 cash, which seems a
mighty good showing for an industry
started here less than a year ago.

Miss Mary Newell Farris left home
Tuesday for New York where she has
accepted a place as a Student-Nurse in
Bellevue Hospital. She will take a
special course of training as a Dietician,
and counts herself particularly fortunate
in being able to secure a place in
Bellevue Hospital for that purpose.

J. H. Webb has bought the lot just
west of the Episcopal church on Market
street from Mrs. Reeder and has let
a contract for the erection of a modern
bungalow thereon. Work is to begin
at an early date and will be hurried
to completion. Somerville friends of
Mr. and Mrs. Webb are glad to have
them returned here to make their home
again.

Friends of the groom in this city will
be interested in learning that Sol
Lipsky, whose marriage was recently

One of the old citizens of this place
assured The Falcon this week that dur-
ing his more than three-score years of
life he had never seen so hot a summer
from start to the present but we came
near saying finish, but the finish of it
seems yet far away. This section had
a cold rainy spring which lasted till
about May 10, fires being needed almost
every day during that time. Then sud-
denly, almost over night, the tempera-
ture rose to what we usually have in
July and August and it has remained
at that right along except a very few
days following the rains in August.

erville, R. F. D. 9-16

which broke the long drowth. Perhaps
no summer in years has registered as
many hot days, days when the tempera-
tures ran 90, 91, 92, and on up to 100,
as has the one which now ought to be
closing. And the past two weeks are
record breakers for September weather
here, the register being as high as 96
on several occasions, and with a terrible
humidity it has made it seem hotter than
in August when then register ran as
high as 100. And the old gag, "You
have just forgotten" don't go in this
case, for the government weather bureau
registers this as the hottest summer in
33 years.

FOR SALE—Texas Red Rust proof
winter oats, \$1. per bushel. Somerville
Plantation. 9-23

It appears from word The Falcon
gets that actual boring for oil near
Laconia is being delayed now by two
landowners, and only two, who refuse
to sign leases to their lands. All other
lands in the vicinity to be tested have
been leased and the citizens of the vic-
inity and of this city are anxious to
have the test made, and realizing that
local capital will hardly ever develop
the industry or make a test well are
desirous of accepting the offer of the
concern represented here by Mr. Strick-
land who proposes to go ahead with
boring as soon as these two tracts are
leased.

this community.

C. A. Oliver and Jno. W. Russell the
first of this week bought the bank-rupt
outfit of the Wink Botling Works,
Memphis, which sold for debts of the
defunct concern. The outfit cost new
more than \$20,000 and is said to be one
of the most complete and up-to-date
botling plants in the country. A part
of the material and machinery will be
used for the local plant of C. A. Oliver
and the other will probably be re sold
by Messrs. Oliver and Russell, tho no
definite plans have yet been made.

The Falcon learns with sorrow that
Frank P. Winfree died at his home near
Fairview in the ninth district Tuesday
night this week after an illness of many
months of dropsy. He was born and rear-
ed in the county and spent his entire life
here and had a large circle of friends
who esteemed his warm-hearted and
genial disposition. He leaves a widow
several children and several other and
sisters, of his immediate family.
